We created a list of words describing some of the Tower's history, including positions, memes, traditions, etc. All of them appear in the puzzle - horizontally, vertically, diagonally, even backward. Find them and circle their letters only. Do not circle the entire word. The leftover letters will spell a fun phrase!

To the people of TarValon.Net

Through eight years of membership I have watched this community grow and change- sometimes drastically. Through it all, however, I have noticed one aspect of it that has stayed the same: The people that populate TarValon.Net are the strongest, most generous and loving people I have ever encountered.

I simply wanted to say thank you. Thank you for the support through hard times, the shoulders to cry on, the happy moments of laughter and celebration, and the sheer joy of knowing I have a place to go when the going gets rough in my everyday life. Thank you for the generosity that has been bestowed upon me by friends I would never have met if it weren't for the Tower, and people I have not met who chose to give for no reason other than that it was needed. Thank you also for what you have given to other members of the community, to charity, to a cause, or simply to make someone smile, for time spent volunteering, for donations, and for anything and everything you do to help those in need.

We are a group unique in its astounding capacity to give no matter what our own circumstances may be, and I could not be prouder of my membership here.

Here's to another ten years of being amazing!

Honor to serve,
 Ninya Evoneigh
 Accepted of the White Tower
